

Harmoni Cable

The Harmoni Cable underfloor heating product offers a flexible solution for most new build applications where a total heating solution is required. The flexibility of the cable installation allows variable power outputs to be installed with a maximum of 230 W/m². This system will provide a total heating solution in most installation scenarios including conservatories and sun rooms.

The Harmoni lifetime warranty ensures your product gives you a lifetime of trouble-free use and is guaranteed against manufacturer defects for the lifetime of the initial floor covering.

The installer warranty guarantees if you damage your Harmoni product before your finished floor surface is installed, we will replace it with an equivalent product free of charge.
